ANNUAL OPERATING BUDGET IMPACT (\$000)

DESCRIPTION

This project provides for the installation of 4 streetlights and conversion of 3 existing streetlights to high pressure sodium. The streetlighting improvements will be along Piney Branch Road between Flower Avenue and University Boulevard.

Plans and Studies

New streetlight plans are developed in conformance with established County streetlight standards and are normally implemented under contract with the pertinent local utility company. A review of impacts to pedestrians, bicycles and ADA requirements (Americans with Disabilities Act of 1991) is performed and addressed by this project. Traffic signals, streetlights, crosswalks, bus stops, ADA ramps, bikeways, and other pertinent issues are considered in the design of the project to ensure pedestrian safety.

OTHER

The Long Branch Task force has determined this is a high priority for public safety improvement in the area.
